Hi!

We're thrilled that you're interested in joining us at DubHacks this year! We're excited for the opportunity to work with you and hope we are able to develop a collaborative relationship.

DubHacks is a 24-hour collegiate hackathon held at the University of Washington in Seattle promoting diversity, inclusion, and accessibility. We bring together and empower students of all backgrounds to develop creative tools that solve society's biggest issues.

What do we stand for?

DubHacks cultivates a community that reflects our core values. We are committed to fostering an accessible environment that is inclusive of diverse backgrounds and perspectives. We believe in empowering individuals to develop impactful solutions. These ideals are represented within our mission statement below:

- + We connect technology with humanity.
- + We empower students to innovate within their communities.
- + Together, we create solutions that are diverse, inclusive, and accessible.

Why sponsor DubHacks?

Everyone involved in DubHacks, especially our sponsors, is an invaluable contributor to our community. We value working with those who believe in our mission and embody it in their own organizations. We specifically found that your core values aligned with ours and we would be honored to work with you. With your support and expertise, we will continue to grow our community and build a hackathon centered around inclusion and collaboration. In joining us, you will have the opportunity to:

- + Connect with talented and motivated students from a breadth of backgrounds
- + Mentor and inspire young hackers
- + Showcase your API and/or products + see students leverage your products in their projects

Our team has carefully created each sponsorship tier based on the needs of our previous partners, however, we are also excited to work with you to build a custom package if that is best for your organization and team. Please reach out to us with any questions you may have about the event, what it means to be a sponsor, or how you can customize your own sponsorship package. We look forward to hearing from you soon!

With Love,
DubHacks Team
